- 4.4 The Authority may request from the Contractor at any time such evidence as may reasonably be required to show that the Contractor has used the amounts paid in accordance with Section 4 within the terms of this Contract and in connection with the Research. The Contractor shall maintain proper financial records relating to the Research at all times during the Research Period and for a period of six (6) years after the end of the Research Period.
- 4.5 The Contractor shall not make any change in the total remuneration, conditions of service or numbers of staff engaged on the Research which will require a change in the total amount payable, or make material changes to the Research detailed in Section 3, without prior written approval being given by the Authority.
- 4.6 The Contractor grants to the Authority and to any statutory or regulatory auditors of the Authority and to its or their authorised agents the right of reasonable access to (and if necessary to copy) the relevant financial records and/or other information relating to the financial records during normal business hours for the duration of the Research Period and for a period of six (6) years after the end of the Research Period.

- 4.8 On completion of the Research Period, the final payment in respect of costs properly incurred under this Contract will be paid by the Authority to the Contractor within thirty (30) calendar days of all of the following objectives being satisfied:

6. VARIATION

- 6.1 If at any time it appears likely that any provision of the Contract, in particular the Research, needs to be varied the Contractor shall immediately inform the Authority in writing requesting a Variation to the Contract, giving full details of the justification for the request and giving proposals for the Variation to the Contract. Upon receipt of such a request the Authority may:

The criteria for shortlisting and appointment to posts funded by the Authority must be based solely on the knowledge, skills, experience and personal qualities which in the view of management are required for the successful discharging of the responsibilities of the post. All posts should be open to part-timers and job-share arrangements, unless otherwise stated in the advertisement.

 - 12.2.3 The Mental Capacity Act 2005.
- 12.3 Unless any of the exceptions or other exclusions described in GAfREC apply, the Contractor will submit the Research for review by a Research Ethics Committee recognised by the Authority if the Research proposed involves:
 - 12.3.1 potential research participants (including those who have died within the last 100 years) identified from, or because of, their past or present use of the Care Services (including Care Services provided under contract with the private or voluntary sectors), including participants recruited through these Care Services as healthy controls;

- 12.3.2 potential research participants (including those who have died within the last 100 years) identified because of their status as relatives or carers of past or present users of Care Services;
- 12.3.3 collection of tissue (i.e. any material consisting of or including human cells) or information from users of Care Services;
- 12.3.4 use of previously collected tissue or information from which individual past or present users of Care Services could be identified, either directly from that tissue or information, or from its combination with other tissue or information in, or likely to come into, the possession of someone to whom the tissue or information is made available;
- 12.3.5 xenotransplantation;
- 12.3.6 prisoners; or
- 12.3.7 social care;

with a view to obtaining the Research Ethics Committee's favourable opinion of the Research and will inform the Authority's Representative when such favourable opinion has been given (whether unconditionally or subject to conditions) or withheld.

- 12.4 Research activity requiring ethical approval shall not commence until such favourable opinion is given.
- 12.5 In the event of any animals being used in research, all requirements of the Animals (Scientific Procedures) Act 1986 must be followed. In addition, the Department of Health's mission statement and Home Office advice on ethical review process in relation to this Act must be effective and in operation.

13. MONITORING AND REPORTING

- 13.1 Progress of the Research will be reviewed periodically by the Authority's Representative against the specifications detailed in Section 3.
- 13.2 The Contractor shall provide an interim written report on the progress of the Research according to the schedule set out in Section 6. The interim report shall be in a form and otherwise in compliance with the format set out by the Authority's Representative as amended from time to time and shall detail all Data, methods, Results, Background and Foreground IP and provisional conclusions together with management information and any other relevant information relating to the Research up to the relevant date.

- 13.3 During the Research Period the Contractor shall provide verbal or written reports as reasonably required by the Authority or the Authority's Representative on any aspect of the Research.

14. FINAL REPORT AND RESEARCH OUTPUTS INFORMATION

- 14.1 The Contractor shall provide a draft final report on the Research within FOURTEEN (14) CALENDAR DAYS of the Completion Date or date of termination howsoever terminated. The draft final report shall be in a form to be agreed with the Authority as amended from time to time or as otherwise required by the Authority's Representative and shall include the Data, methods, Results and final conclusions together with management information and any other information relating to the Research up to the Completion Date.
- 14.2 The Contractor shall also provide, in a form to be agreed with the Authority, a draft summary final report of the findings for the Research.
- 14.3 If within one (1) year of the end of the Research Period the Contractor has not produced a report which satisfies the Authority, the Authority may prepare and publish, or arrange for the preparation and publication of, such a report.
- 14.4 For the duration of the Research Period and for a period of up to five (5) years after completion of the Research the Contractor will comply with requests for annual research outputs information collected through NIHR-authorized web-based systems.
- 14.5 The Authority reserves the right to reproduce the findings of the final report or to provide a summary of the findings.

15. INTELLECTUAL PROPERTY RIGHTS

- 15.1 [WHERE IPMG: *The Contractor shall assist the Authority in establishing an IPMG in accordance with the provisions of Section 8.*]
- 15.2 The Contractor will identify, protect and maintain Intellectual Property in accordance with its standard institutional policy ("Contractor IP Policy"). The Contractor will make available a copy of the Contractor IP Policy on the request of the Authority.
- 15.3 Foreground Intellectual Property that may arise from the Research shall either vest in the Contractor, or shall be managed in accordance with the Contractor's Collaboration Agreement, pursuant to Condition 3.9 and Schedule D and periodically updated pursuant to Condition 13.2.
- 15.4 The Contractor shall make available the Contractor Background IP that is necessary or useful for undertaking the Research and the protection, dissemination or exploitation of the Foreground IP. Where it is reasonable to do

so and is an appropriate means of achieving the public benefit, the Contractor has responsibility for filing, prosecuting, maintaining, defending and enforcing protection for such Contractor Background IP, and shall retain this responsibility unless otherwise agreed in writing and in any event at no cost to the Authority. If the Contractor wishes to cease doing so in relation to any of such Contractor Background IP necessary for the dissemination, use or exploitation of the Foreground IP, it shall notify the Authority no less than THREE (3) months prior to discontinuing its maintenance, defence or enforcement of such Background IP and, subject to the prior rights of third parties, the Authority shall have the right but not the obligation to take over responsibility for such Contractor Background IP. Where such Contractor Background is unencumbered by third party rights, the Contractor shall license or assign the Contractor Background IP to a nominee of the Authority's choosing free of charge, in all other cases, such licence or assignment shall be made on fair and reasonable terms.

15.5 The Contractor shall use reasonable endeavours to make available the Third Party IP that is necessary or useful for undertaking the Research and the protection or exploitation of the Foreground IP.

15.6 Subject to the prior rights of third parties and the Contractor having made reasonable efforts to overcome them the Contractor shall grant (and shall procure that all Collaborators grant) to the Authority a non-exclusive, irrevocable, royalty-free, worldwide licence together with the right to grant sub-licences to:

15.6.1 use and publish (in accordance with Condition 17) any information which is not Confidential Information, Intellectual Property, Results, Materials and conclusions arising from the Research for academic and non-commercial research purposes and for evaluation, teaching and training purposes relating to the provision of care and treatment of both NHS patients and NHS funded patients; and

15.6.2 use the Contractor's Background IP and Third Party IP but solely to the extent that it is necessary to use any information, Intellectual Property, Results, Materials and conclusions arising from the Research for the purposes described in sub-Condition 15.6.1 above.

15.7 The Contractor shall not enter into any collaboration agreements in which the Intellectual Property arrangements would adversely affect the Contractor's ability to comply with the terms of this Contract without the prior consent of the Authority, such consent not to be unreasonably withheld or delayed.

16. EXPLOITATION OF INTELLECTUAL PROPERTY

16.1 The Contractor shall inform the Authority of any Results, including any Intellectual Property, whether patentable or not, which are capable of exploitation

either by direct adoption into the healthcare service or via commercialisation in a timely manner.

16.2 The Contractor shall develop, implement and maintain procedures for the management of Intellectual Property in the Results and in particular, but without limitation, shall use all reasonable endeavours to ensure that:

16.2.1 the Foreground IP is identified and recorded;

16.2.2 it notifies the Authority within SIX (6) months of receipt of disclosure of potential patentable Foreground IP and in the event that the Contractor decides not to protect the invention by filing a patent application, the Contractor agrees to communicate this decision to the Authority and the Authority shall have the right but not the obligation to take assignment of the Intellectual Property associated with the disclosure free of charge and to manage the associated Intellectual Property, save that the Contractor may reasonably request an extension of up to one (1) year from the date of any such notification under this Condition 16.2 to enable further validation or development of the Foreground IP prior to protection;

16.2.3 prior to any publication of the Results of the Research, patentable inventions arising from the Results are identified, duly considered for patentability and, where it is commercially reasonable to do so and is an appropriate means of achieving the public benefit, patent applications are filed in respect thereof at patent offices in territories where products or services arising from the inventions may be made, sold or used in accordance with the Contractor IP Policy;

16.2.4 in exercising the rights in Condition 16.2 the Contractor takes due consideration of the Authority's attitude to access to essential medicines in the developing world. The Authority is mindful of the importance of the development and distribution of new health-related technologies for less developed countries. The Authority's policy on patenting is to prosecute patent applications in less developed countries only as necessary (for example, to provide development and marketing leverage for new products, or to exert leverage over global licensees);

16.2.5 in exercising the rights in Condition 16.2 the Contractor takes due consideration of the Authority's attitude to the inappropriate use of patents which it considers detrimental to scientific endeavour or to advances in healthcare. The Authority believes that the basic DNA sequence of humans and other organisms should be placed in the public domain as soon as is practical, without any fees, patents, licences or limitations on use, giving free and equal access to all;

- 16.2.6 all such patent applications are diligently prosecuted having regard to all relevant circumstances; and
- 16.2.7 in the event that the Contractor elects to abandon prosecution of a patent application protecting applications of the Results of the Research, the Contractor shall inform the Authority's Representative at least three (3) months in advance of the patent application lapsing and the Authority shall have the right but not the obligation to take assignment of the Intellectual Property associated with the application free of charge and to manage its prosecution.
- 16.3 The Contractor shall permit the Authority to monitor the operation and effectiveness of the Contractor's procedures for the management of Intellectual Property in such ways as the Authority considers reasonably necessary to ensure that any Foreground IP generated is disseminated and/or exploited for the public benefit. This right shall include but not be limited to the right of the Authority (or its authorised representative) to inspect and audit the Contractor's records kept pursuant to Condition 16.4.3, subject to the Authority providing ten (10) Business Days' written notice to the Contractor. This right of inspection and audit may be performed once in each twelve (12) month period following the Commencement Date.
- 16.4 Consistent with the good management of Intellectual Property and subject to the written agreement of the Authority, the Contractor shall use all reasonable endeavours to:
- 16.4.1 where reasonable and practicable, promote the dissemination of the Results to maximise the benefits to the NHS, patients and the public;
- 16.4.2 where reasonable and practicable, exploit commercially such Results to generate either capital or revenue or both; and
- 16.4.3 pursuant to Condition 7.6 keep proper records showing the description of the Contractor Background IP or Third Party Background IP used and Foreground IP generated.
- 16.5 The Contractor shall or shall procure that any Collaborator shall seek the prior written consent of the Authority before it or any Collaborator, as the case may be, makes any commercial use of, or grants to any third party any exploitation rights over the Foreground IP. The Authority shall not unreasonably withhold or delay such consent, but as a condition of granting consent, the Contractor shall or shall procure that any Collaborator shall provide all appropriate details of any proposed commercialisation arrangements, including but not limited to any deal sheet or commercial terms in circulation, which information the Authority shall keep confidential. The Authority shall within thirty (30) Business Days of such a written consent request inform the Contractor and/or Collaborator if the Authority

requires the Contractor and or Collaborator] to enter into a commercialisation agreement with the Authority. Any such commercialisation agreement shall take into consideration the relative contribution of the Authority, the Contractor, Collaborators and other third party funders or contributors to the Foreground IP.

- 16.6 In the event that the Contractor and/or Collaborator decides to seek approval for commercialisation under Condition 16.5, then the Contractor [and/or Collaborator] must take due consideration of the Authority's attitude to access to essential health related technologies including medicines in the developing world. The Authority is mindful of the importance of the development and distribution of new health-related technologies for less developed countries. The Authority's policy on licensing is to grant licences with provisions that seek to increase the availability of medicines at affordable prices to less developed countries (examples include dividing up territories between a commercial and a not-for-profit partner, providing for developing world territories to revert to the institution if not exploited by the commercial partner or requirements for products to be supplied to the developing world at or close to cost).
- 16.7 If the Contractor does not reasonably protect, manage or exploit any Foreground IP arising out of the Research according to the terms of this Contract or if this Contract is terminated according to Condition 19.4, then the Authority shall have the right, acting reasonably and subject to the rights of third party licensees or Collaborators, but not the obligation, to take assignment of and protect, manage and exploit such Foreground IP. Such right shall be exercised no earlier than six (6) months after the Authority has given the Contractor notice in writing that it is failing to protect, manage and exploit such Foreground IP to the Authority's reasonable satisfaction. However, the Authority may exercise such right sooner where it reasonably considers that the opportunity to protect, manage or exploit such Foreground IP for the public benefit could be lost if more immediate action is not taken. The Contractor agrees to do, and will ensure that its employees, students and any third party acting on its behalf do, all acts required by the Authority to further such protection and exploitation including the delivery of all necessary written information including copies of any notebooks maintained throughout the Research.
- 16.8 If the Contractor wishes to use any third party (excluding its professional advisors) to carry out its obligations with respect to this Condition 16, which is different from that proposed in the Contractor IP Policy, then it must provide details of the proposed third party to the Authority and obtain the Authority's prior written approval to such third party carrying out exploitation activities with respect to the Foreground IP.
- 16.9 The Authority may, by notice in writing, require the Intellectual Property to be promptly assigned to the Authority if the Contractor is subject to an Insolvency Event.

16.10 The Contractor shall do or procure to be done all such further acts and things and execute or procure the execution of all such other documents as the Authority may from time to time require for the purpose of giving the Authority the full benefit of the provisions of this Contract.

17. PUBLICATION

17.1 The Contractor must notify the Authority's Representative prior to any publication (whether in oral, written or other form) of the Research or Foreground IP or Results or Data or of matters arising from such Results or Data. The Contractor shall send one draft copy of the proposed publication to the Authority's Representative at the same time as submission for publication or at least 28 days before the date intended for publication whichever is earlier. For the avoidance of doubt this obligation continues after the end of the Research Period.

17.2 In the event that the Contractor fails to comply with Condition 17.1 the Authority reserves the right to terminate this Contract by notice in writing with immediate effect.

17.3 Subject to the provisions of Condition 9 and notwithstanding the provisions of Condition 15 and 16, the Authority's Representative may at any time publish the Material for any non-commercial purpose and in conjunction with the Authority's statement on Open Access to research "Statement on DH/NIHR-funded research and UK PubMed Central". Such purposes may include any entry in a register of research findings or an individual issue of or a review article in a monograph series prepared on the Authority's behalf by the Authority's Representative. The timing of any such publication will be subject to consultation with the Contractor and will take account of publication timetables in other peer-reviewed journals and the need to make research findings publicly available as soon as practicable.

17.4 The Contractor shall assign to the Authority on behalf of the Crown all Intellectual Property rights in the Material to which the Contractor is legally entitled, by signing a document in the form shown at the Schedule A to this Section 2 and returning it to the Authority.

17.5 The Contractor undertakes to obtain an assignment to the Authority of any Intellectual Property rights in the Material where such rights are the property of a person or organisation other than the Contractor. The Contractor shall provide the Authority with all appropriate details, including proof that the Contractor has obtained such an assignment and details of the acknowledgements required by owners of the rights assigned.

17.6 The Authority will ensure that any Queen's Printer and Controller of HMSO copyright publication arising from the Material carries the following statement:

"© Queen's Printer and Controller of HMSO 20xx [year of publication].

This work was produced by (name of author/organisation) under the terms of a commissioning contract issued by the Secretary of State for Health”.

- 17.7 The Contractor shall ensure that the outcome of the Research is prepared for publication in a suitable peer-reviewed journal and shall ensure that it, and any other publication, including patent applications, of or resulting from Research carried out under this Contract shall acknowledge the Authority’s financial support and carry a disclaimer as the Authority may require or in the absence of direction from the Authority a notice as follows:

“This report is independent research funded by the National Institute for Health Research ([PROGRAMME NAME, TITLE AND REFERENCE NUMBER]). The views expressed in this publication are those of the author(s) and not necessarily those of the NHS, the National Institute for Health Research or the Department of Health.”

18. NIHR FACULTY

- 18.1 The Contractor shall identify to the Authority all individual staff employed to provide services in connection with this Contract, to enable the Authority to maintain a record of the membership of NIHR Faculty.
- 18.2 The Contractor shall inform the Authority immediately of any suspension or termination of employment of any staff providing services in connection with this Contract.
- 18.3 The Contractor shall make reasonable efforts to ensure that individuals employed to provide services in connection with this Contract abide by the rules, regulations and codes of conduct of their employer; of their professional regulatory bodies where applicable; with relevant guidance published by the Authority on the conduct of research; and with guidance on membership of NIHR Faculty set out on the NIHR website in the document “Faculty membership: Benefits and Responsibilities”.

19. TERMINATION UPON OCCURRENCE OF EVENTS

- 19.1 Without prejudice to any other provision of this Contract, this Contract may be terminated by either Party giving three (3) months' notice in writing to the other. Should the option to terminate be exercised by the Authority under this Condition 19.1, it shall indemnify the Contractor from and against all and any actual loss unavoidably incurred by reason or in consequence of the termination provided that the Contractor takes all immediate and reasonable steps to minimise the loss.
- 19.2 The Authority will not pay any sum under Condition 19.1 which, when taken together with any sums paid or due or becoming due to the Contractor under this

Contract, will exceed such total sums as would have been payable under this Contract if the Contractor had fulfilled its obligations under this Contract.

- 19.3 The Authority may at any time by notice in writing terminate this Contract without liability for any damage, loss or expenses arising as a result of or in connection with such termination if there is a change of control (as defined by sections 450 and 451 of the Corporation Taxes Act 2010) in Contractor. The Authority shall be permitted to exercise its rights pursuant to this Condition 19.3 for only six (6) months after any such change of control and shall not be permitted to exercise such rights where the Authority has agreed in advance in writing to the particular change of control and such change of control takes place as proposed. The Contractor shall notify the Authority within two (2) weeks of any change of control taking place.
- 19.4 The Authority may at any time by notice in writing terminate this Contract without liability for any damage, loss or expenses arising as a result of or in connection with such termination if:
- 19.4.1 the approvals sought pursuant to Condition 12 are not given unconditionally within SIX (6) months of the commencement of the Research Period; or
 - 19.4.2 the Contractor is subject to an Insolvency Event; or
 - 19.4.3 the Contractor is in material breach of any of the terms and conditions of this Contract, and:
 - (a) in the case of a breach capable of remedy, it fails to remedy that breach within thirty (30) days of the service of a written notice by the Authority specifying the breach and requiring its remedy; or
 - (b) the breach is not capable of remedy; or
 - 19.4.4 an event of Force Majeure, as defined in Condition 22 exists for more than six (6) months; or
 - 19.4.5 any provision of this Contract (other than as previously specified in the preceding provisions of this Condition 19) expressly entitles the Authority to terminate this Contract.
- 19.5 Termination of this Contract by the Authority under the preceding provisions of this Condition 19 shall (at the option of the Authority) terminate this Contract with immediate effect as from the date of service of the notice of that termination or from the expiry of such period (not exceeding six (6) months) specified in that notice.

20. CONSEQUENCES OF TERMINATION

20.1 Termination of this Contract, however caused, shall not:

20.1.1 release the Contractor from any duty or obligation of confidence, in particular as imposed by Conditions 8 – 11 inclusive, which falls on it, or its sub-contractors, agents, employees or former employees, under this Contract or under the general law governing confidential information; or

20.1.2 prejudice or affect any rights, action or remedy which shall have accrued before termination or shall accrue thereafter to any Party.

21. EQUIPMENT

21.1 The Contractor shall take all practical steps to purchase all materials and equipment at a fair and reasonable price. The Authority may inspect the original quotations and invoices issued to the Contractor for equipment purchased in connection with the Research and recover any funds provided for the purchase if the Contractor does not provide this documentation on request.

21.2 At the end of the Research Period, and after the final presentation of the Results all equipment purchased for use on the Research with funds provided by the Authority shall become the property of the Contractor.

22. FORCE MAJEURE

delay in the performance of its obligations by any person, firm or company with which the Contractor shall have entered into any contract, supply arrangement or sub-contract or otherwise, shall be regarded as a failure or delay due to Force Majeure only in the event that person firm or company shall itself be prevented from or delayed in complying with its obligations under such contract, supply arrangements or sub-contract or otherwise as a result of Force Majeure.

(c) it has not granted any third party any right in respect of the Foreground IP (other than in accordance with the provisions of this Contract), and has not charged or encumbered and will not charge or encumber any of the same.

23.1.5 the Research will be carried out by appropriately experienced, qualified and trained personnel with all due skill, care and diligence;

23.1.6 no Research activity requiring ethical approval will commence until such favourable ethical approval is given. In particular, but without limitation,

recruitment of potential research participants will not commence until such favourable ethical approval is given; and

- 23.1.7 the Contractor will discharge its obligations under this Contract with all due skill, care and diligence including good industry practice and (without limiting the generality of the foregoing) in accordance with its own established internal procedures.
- 23.2 Except as expressly provided in this Contract, none of the Parties gives any warranties or makes any representations with respect to any of the Foreground IP and/or Contractor Background IP or any products derived from them, or their fitness for any purpose, or that any material produced or supplied by any Party and any processes or techniques used, proposed or recommended by any Party will not infringe the Intellectual Property rights of any person in any country. 25. ASSIGNABILITY

25.1 Except as set out in Section 3, the Contractor shall not sub-contract, transfer or assign the whole or any part of this Contract or collaborate with any third party in the performance of its obligations under this Contract without the prior written consent of the Authority, which consent may be subject to such terms and conditions as the Authority may specify.

26.2 In the event of a holding of invalidity so fundamental as to prevent the accomplishment of the purpose of this Contract, the Parties shall immediately commence good faith negotiations to remedy such invalidity.

27. WAIVER

27.1 The waiver by the Authority of any right or remedy in respect of any breach of any term or condition or requirement of this Contract shall not prevent the subsequent enforcement thereof and shall not be deemed to be a waiver of any right or remedy in respect of any subsequent breach.

28. CORRUPT GIFTS OR PAYMENTS

28.1 The Contractor shall not do (and warrants that in entering the Contract he has not done) any of the following (referred to in this clause as "prohibited acts"):

28.1.2 enter into this or any other contract with the Crown in connection with which commission has been paid or has been agreed to be paid by him or on his behalf, or to his knowledge, unless before the Contract is made particulars of any such commission and the terms and conditions of any such agreement for the payment of it have been disclosed in writing to the Authority.

28.2 If the Contractor, his employees, agents or any sub-contractor, or anyone acting on his or their behalf, does any of the prohibited acts or commits any offence as the case may be under the Bribery Act 2010 with or without the knowledge of the Contractor, in relation to this or any other contract with the Crown, the Authority shall be entitled:

28.2.1 to terminate the Contract immediately by giving notice in writing and recover from the Contractor the amount of any loss resulting from the termination;

30. DISPUTE RESOLUTION

- 30.1 Any dispute, difference or question between the Parties with respect to any matter arising out of or relating to this Contract shall be resolved by negotiation.
- 30.2 If the matter cannot be resolved through negotiation, the Parties will, at the request of either of them, attempt in good faith to resolve the dispute through an agreed alternative dispute resolution ("ADR") procedure.

30.3 If the matter has not been resolved by an agreed ADR procedure within one (1) month of the initiation of such procedure, the dispute shall be referred to a single arbitrator to be agreed upon by the Parties or in Default of agreement within fourteen (14) days to be nominated by the President for the time being of the Chartered Institute of Arbitrators in accordance with the Arbitration Act 1996. The arbitration shall take place in London and shall be in accordance with the Arbitration Act 1996 and such arbitration rules as the Parties may agree or, in Default of agreement, in accordance with the Rules of the London Court of International Arbitration which Rules are deemed to be incorporated by reference into this Condition.
