Health Technology Assessment Programme
researcher-led workstream timelines

Stage 1 applications received at the call close on **1pm Wednesday 16 January 2019**, and deemed to be both in remit and competitive will be considered by a HTA Funding Committee in March 2019. The Funding Committee will assess for scientific quality, feasibility and value for money. Decisions from this Committee will be communicated to applicants around the end of March 2019. Following this meeting, successful applicants will be invited to a Stage 2 application. Applicants will then have eight weeks to complete a Stage 2 form for it to be considered at a HTA Funding Committee in July 2019.

Stage 1 applications received at the call close on **1pm Wednesday 15 May 2019**, and deemed to be both in remit and competitive will be considered by a HTA Funding Committee in July 2019. The Funding Committee will assess for scientific quality, feasibility and value for money. Decisions from this Committee will be communicated to applicants around the end of July 2019. Following this meeting, successful applicants will be invited to a Stage 2 application. Applicants will then have eight weeks to complete a Stage 2 form for it to be considered at a HTA Funding Committee in November 2019.
